HEALTH CARE DIRECTIVE

http://www.legis.nd.gov/cencode/t23c065.pdf

I, understand this document allows me to do ONE OR ALL of the following:
PART I: Name another person (called the health care agent) to make health care decisions for me if I am unable to make and communicate health care decisions for myself. My health care agent must make health care decisions for me based on the instructions I provide in this document (Part II), if any, the wishes I have made known to him or her, or my agent must act in my best interest if I have not made my health care wishes known. AND/OR
PART II: Give health care instructions to guide others making health care decisions for me. If I have named a health care agent, these instructions are to be used by the agent. These instructions may also be used by my health care providers, others assisting with my health care and my family, in the event I cannot make and communicate decisions for myself. AND/OR
PART III: Allows me to make an organ and tissue donation upon my death by signing a document of anatomical gift.
PART I: APPOINTMENT OF HEALTH CARE AGENT THIS IS WHO I WANT TO MAKE HEALTH CARE DECISIONS FOR ME IF I AM UNABLE TO MAKE AND COMMUNICATE HEALTH CARE DECISIONS FOR MYSELF (I know I can change my agent or alternate agent at any time and I know I do not have to appoint an agent or an alternate agent)
NOTE: If you appoint an agent, you should discuss this health care directive with your agent and give your agent a copy. If you do not wish to appoint an agent, you may leave Part I blank and go to Part II and/or Part III. None of the following may be designated as your agent: • your treating health care provider, a nonrelative employee of your treating health care provider, an operator of a long-term care facility, or a nonrelative employee of a long-term care facility.
When I am unable to make and communicate health care decisions for myself, I trust and appoint to make health care decisions for me. This person is called my
health care agent. Relationship of my health care agent to me: Telephone number of my health care agent: Address of my health care agent:
(OPTIONAL) APPOINTMENT OF ALTERNATE HEALTH CARE AGENT: If my health care agent is not reasonably available, I trust and appoint to be my health care agent instead. Relationship of my alternate health care agent to me: Telephone number of my alternate health care agent: Address of my alternate health care agent:
THIS IS WHAT I WANT MY HEALTH CARE AGENT TO BE ABLE TO DO IF I AM UNABLE TO MAKE AND COMMUNICATE HEALTH CARE DECISIONS FOR MYSELF (I know I can change these choices). My health care agent is automatically given the powers listed below in (A) through (D). My health care agent must follow my health care instructions in this document or any other instructions I

have given to my agent. If I have not given health care instructions, then my agent must act in my best interest. Whenever I am unable to make and communicate health care decisions for myself, my health

care agent has the power to:

- (A) Make any health care decision for me. This includes the power to give, refuse, or withdraw consent to any care, treatment, service, or procedures. This includes deciding whether to stop or not start health care that is keeping me or might keep me alive and deciding about mental health treatment.
- (B) Choose my health care providers.
- (C) Choose where I live and receive care and support when those choices relate to my health care needs.
- (D) Review my medical records and have the same rights that I would have to give my medical records to other people.

If I DO NOT want my health care agent to have a power listed above in (A) through (D) OR if I want to LIMIT any power in (A) through (D), I MUST say that here:
My health care agent is NOT automatically given the powers listed below in (1) and (2). If I WANT my agent to have any of the powers in (1) and (2), I must INITIAL the line in front of the power; then my agent WILL HAVE that power. (1) To decide whether to donate any parts of my body, including organs, tissues, and eyes when I die. (2) To decide what will happen with my body when I die (burial, cremation). If I want to say anything more about my health care agent's powers or limits on the powers, I can say i here:
PART II: HEALTH CARE INSTRUCTIONS NOTE: Complete this Part II if you wish to give health care instructions. If you appointed an agent in Part I, completing this Part II is optional but would be very helpful to your agent. However, if you chose not to appoint an agent in Part I, you MUST complete, at a minimum, Part II (B) if you wish to make a valid health care directive. These are instructions for my health care when I am unable to make and communicate health care decisions for myself. These instructions must be followed (so long as they address my needs).
(A) THESE ARE MY BELIEFS AND VALUES ABOUT MY HEALTH CARE
(I know I can change these choices or leave any of them blank)
I want you to know these things about me to help you make decisions about my health care: My goals for my health care:
My fears about my health care:

(B) THIS IS WHAT I WANT AND DO NOT WANT FOR MY HEALTH CARE		
(I know I can change these choices or leave any of them blank)		
Many medical treatments may be used to try to improve my medical condition or to prolong my life. Examples include artificial breathing by a machine connected to a tube in the lungs, artificial feeding or fluids through tubes, attempts to start a stopped heart, surgeries, dialysis, antibiotics, and blood transfusions. Most medical treatments can be tried for a while and then stopped if they do not help. I have these views about my health care in these situations: (Note: You can discuss general feelings, specific treatments, or leave any of them blank).		
If I had a reasonable chance of recovery and were temporarily unable to make and communicate health care decisions for myself, I would want:		
If I were dying and unable to make and communicate health care decisions for myself, I would want:		
If I were permanently unconscious and unable to make and communicate health care decisions for myself, I would want:		
If I were completely dependent on others for my care and unable to make and communicate health care decisions for myself, I would want:		

In all circumstances, my doctors will try to keep me comfortable and reduce my pain. This is how I feel about pain relief if it would affect my alertness or if it could shorten my life:
