Regarding renewal permit applications, permits will be renewed and reissued within five (5) working days of receipt of the application valid for a five year period from the date of expiration of the initial permit.

If applicant does not meet the qualifications, including submitting complete application documentation, the applicant will be notified by mail by the Nebraska State Patrol indicating the reason for denying issuance of the permit.

Rights of Persons Denied Permits

Within ten (10) working days of receipt of the letter of denial, persons denied a permit by the Nebraska State Patrol may file a request for an administrative due process hearing to review the decision to deny the permit. A request shall be considered timely filed if placed in the United States mail with sufficient postage, properly addressed to the Nebraska State Patrol, Concealed Handgun Permits, P.O. Box 94907, Lincoln, Nebraska 68509 within fourteen (14) working days of the mailing of the letter of denial to the applicant by the Nebraska State Patrol.

If a hearing is requested, it shall be held pursuant to the Nebraska Administrative Procedures Act and the Nebraska State Patrol Rules and Regulations pertaining to administrative hearings (Title 272 - Chapter 1). The petitioner (applicant) must specify through pleadings or at a prehearing conference what aspect of the decision is being challenged.

The scope of the hearing shall include a review of the accuracy of the information used in making the decision to deny a permit. The State Patrol has the burden of going forward with evidence to show why the permit application was denied. A decision shall be made by the Superintendent within fifteen (15) working days of the hearing.

Appeals from the Superintendent's decision shall be filed in the District Court of either the county in which the applicant resides or the county in which the applicant applied for a permit in accordance with the procedures set forth in the Nebraska Administrative Procedures Act.

No hearing will be afforded those failing to successfully complete an approved training program. Any disagreement with the training program should be addressed with the director of the training program. If there is reason to believe that the training program is not following the training guidelines or is misapplying the law, such allegations should be brought to the attention of the Superintendent of the Nebraska State Patrol.

Any person initially denied a permit because of failure to submit proper documentation may contact the Criminal Identification Division of the Nebraska State Patrol to determine whether the deficiencies can be successfully eliminated prior to requesting an administrative hearing.

Any person denied a permit based upon criminal history information which they believe to be erroneous should contact the Criminal Identification Division of the Nebraska State Patrol to challenge the accuracy of the criminal history information as authorized by Nebraska Revised Statutes § 29-3525 if it is a Nebraska record and the Federal Bureau of Investigation if the criminal history information is from another state.

In the event the Petitioner fails to appear for a hearing, a default disposition shall be entered into the record upholding the decision of the Nebraska State Patrol in conformance with the Administrative Procedure Act.

Reapplication After Denial or Revocation

A new application for a permit to carry a concealed handgun will automatically be denied if received from an individual who has previously been denied a permit or whose permit has been revoked, unless the disqualification has been remedied. The individual has the burden to document that the disqualification has been removed.

Obligations of a Permit Holder

At all times while carrying a concealed handgun, a permit holder shall carry the concealed handgun permit; and Nebraska driver's license, Nebraska issued state identification card, or military identification card and display it to any peace officer or emergency service personnel upon request.

Violation of this provision is a Class III misdemeanor for the first offense and a Class I misdemeanor for a second or subsequent offense.

A permit holder carrying a concealed handgun who is officially contacted by any peace officer or emergency services personnel must immediately inform the peace officer or emergency service personnel of the concealed handgun unless physically unable to do so.

A peace officer or emergency service personnel making contact with the permit holder may determine that securing the handgun is necessary for the safety of any person present. If requested, the permit holder must immediately surrender or secure the handgun for safekeeping as ordered by the peace officer or emergency service personnel until a determination has been made that there is no concern for safety and that the permit holder will not be detained for law violations or medical treatment. If the permit holder is transported for treatment by emergency service personnel, the handgun is to be turned over to a peace officer as soon as it is feasible to do so. The peace officer will provide the permit holder with a receipt for the handgun which will include make, model, caliber, and serial number.

A permit holder shall not carry a concealed handgun while consuming alcohol or while there is any previously consumed alcohol or controlled substance as defined in Nebraska Revised Statutes § 28-401 of the statutes in his or her blood, urine, or breath unless the controlled substance was lawfully obtained and taken in therapeutically prescribed amounts.

A permit holder must continue to meet all of these requirements for issuance of a permit during the time he or she holds a permit. A permit holder no longer meeting the requirements for a permit is required to return the permit to the Nebraska State Patrol for cancellation. A permit holder who fails to return the permit is subject to the formal revocation process described in Section 012 of these regulations. If a permit holder dies or becomes disabled, relatives or other responsible parties are requested to return the permit to the Nebraska State Patrol for cancellation. Permits cannot be transferred to another person. No fees will be refunded for permits which are cancelled or revoked.

A permit holder who has a handgun or other firearm lost or stolen should notify his or her county sheriff or local police department of that fact. The Nebraska State Patrol shall so inform each permit holder at the time of issuance or renewal of a permit.

Penalties

An applicant for a concealed handgun permit who provides false information or offers false evidence of his or her identity is guilty of a Class IV felony and is subject to a revocation of the permit in a formal civil prosecution.

A permit holder who fails to carry the required documents when carrying a handgun or who fails to inform of the presence of a handgun when officially contacted by a peace officer or by emergency services personnel is guilty of a Class III misdemeanor for the first offense and a Class I misdemeanor for any second or subsequent offense and is subject to a revocation of the permit in a formal civil prosecution.

Reporting Injuries and Damage Caused by Firearm of Permit Holder

Any injury to a person or damage to property resulting from the discharge of a handgun carried by a permit holder must be reported by the permit holder to the Nebraska State Patrol within ten (10) days of the incident. The form for making such a report will be available on the Nebraska State Patrol website at <http://www.statepatrol.nebraska.gov/ConcealedCarry.aspx> and can be downloaded for use in complying with this requirement. The report will not be required for minor property damage of minimal significance – see the definitions of property damage found in Section 002.11 of the regulations. A report is required for malicious damage inflicted with a handgun.

Change of Name or Address

Permit holders who change name or address are required to notify the Nebraska State Patrol Concealed Handgun Permit Program on the initial application form provided by the Nebraska State patrol within thirty (30) days of the change in name or address. Notification and proof of a name (i.e. copy of new driver's license, marriage certificate, divorce decree, etc.) or address change (copy of updated driver's license required) shall be sent to the Nebraska State Patrol Criminal Identification Division in Lincoln, Nebraska (address provided below). The form used for requesting a new permit can be found on the Nebraska State Patrol website at <http://www.statepatrol.nebraska.gov/ConcealedCarry.aspx>.

A permit holder may obtain a replacement permit by returning the current permit to the Nebraska State Patrol Concealed Handgun Permit Program and submitting a request for a replacement permit on the form provided by the Nebraska State Patrol. If the applicant still meets the requirements for a permit, the Nebraska State Patrol shall issue a replacement permit within five (5) working days of receiving the request. The replacement permit shall have the same expiration date as the initial or renewed permit.

A permit holder may request to pick up the replacement permit in person or it shall be mailed to the address provided on the form request for replacement.

A permit holder moving to another state shall return the permit to the Nebraska State Patrol Concealed Handgun Permit Program for cancellation. The permit is not valid if the permit holder is no longer a resident of Nebraska.

Lost/Stolen or Damaged Permit Replacement

A permit holder whose permit is lost, stolen, or damaged shall notify the Nebraska State Patrol on the initial application form provided by the Nebraska State Patrol within ten (10) days of determining that the permit is lost, stolen, or damaged. When notified of a lost, stolen, or damaged permit, the Nebraska State Patrol shall cancel the permit. The permit holder shall not carry a concealed weapon until the Nebraska State Patrol issues a replacement.

A permit holder may obtain a replacement permit by submitting a request for a replacement on the initial application form provided by the Nebraska State Patrol. The replacement request shall include a statement about the facts and circumstances surrounding the "lost, stolen or damaged" permit. There is a space on the second page of the application form for this statement. If the applicant still meets the requirements for a permit, the Nebraska State Patrol shall issue a replacement permit within five (5) working days of receiving the request. The replacement permit shall have the same expiration date as the initial or renewed permit. The form used for requesting a new permit can be found on the Nebraska State Patrol website at <http://www.statepatrol.nebraska.gov/ConcealedCarry.aspx>.

A permit holder whose permit is damaged may return the damaged permit to the Nebraska State Patrol Concealed Handgun Permit Program with the initial application form provided by the Nebraska State Patrol requesting a replacement. The Concealed Handgun Permit Application provides the method for applying for a replacement card by indicating that the applicant is making such application in the upper right hand corner of the application. A space is being provided directly above the signature for applicant to provide statement about the facts and circumstances surrounding the "lost, stolen or damaged" permit.

If a peace officer seizes a permit as evidence of a violation for criminal case or a revocation proceeding, the officer shall notify the Nebraska State Patrol immediately so that the permit will not be replaced as lost or stolen upon application by the permit holder. A form for this purpose will be available on the Nebraska State Patrol website at <http://www.statepatrol.nebraska.gov/ConcealedCarry.aspx>.
