Top Ten Mistakes of Notaries Public:
Preparation for 4-point FUNDAMENTAL questions

1. Leaving out the notarial language
2. Confusing the notarial acts
3. Misinterpreting electronic signature/notarization
4. Failing to require Personal Appearance
5. Failing to name the appearing signer
6. Adopting policies contrary to UCA 46-1-8
7. Failing to require proper I.D.
8. Refusing documents solely for their content
9. Leaving the notary seal and certificate with the employer upon termination of employment
10. Executing “materially incomplete” certificates

1. Leaving out the notarial language: **Never just stamp and sign.** Make sure the proper language, with all necessary material information, is included in the written description of the notarial act (also called a “notarial certificate”).

UCA 46-1-6 lists only five options of notarial acts—three of which deal with notarizing a signature. The definitions of Acknowledgment, Jurat and Signature Witnessing in 46-1-2 describe the information to which **the notary is required to certify**. None of the acts listed in this section of code (46-1-6) are defined as “signature and seal alone.”

To Review: When notarizing a signature, ALWAYS use some variation of one of the two acts below (also found at www.notary.utah.gov)

Acknowledgment	Jurat

Notary Name Signature	
-----------------------	--

Reference: 46-1-6. Powers and limitations. The following notarial acts may be performed by a notary within the state:

- (1) Jurats*
- (2) Acknowledgements*
- (3) Signature Witnessing*
- (5) Copy Certifications*
- (4) Oaths or Affirmations.*

Reference: 46-1-9 False or incomplete certificate. A notary may not execute a certificate containing a statement known by the notary to be false or materially incomplete. 46-1-16 Official Seal. A notary may not use a notarial seal independent of a notarial certificate.

2. Confusing the notarial acts: Please see the subtle differences between the Jurat, Acknowledgment and Signature Witnessing. Jurat certifies that a voluntary signature was made in the notary's presence under an oath or affirmation, Acknowledgment certifies that a signer has admitted in the notary's presence to voluntarily signing a document, and Signature Witnessing certifies that a voluntary signature was made in the notary's presence. **All 3 require personal appearance, and proof of identity.**

Reference: 46-1-2(1) "Acknowledgment" means a notarial act in which a notary certifies that a signer, whose identity is personally known to the notary or proven on the basis of satisfactory evidence, has admitted, in the presence of the notary, to voluntarily signing a document for the document's stated purpose.

Reference: 46-1-2(5) "Jurat" means a notarial act in which a notary certifies that a signer, whose identity is personally known to the notary or proven on the basis of satisfactory evidence, has made, in the notary's presence, a voluntary signature and taken an oath or affirmation vouching for the truthfulness of the signed document.

Reference: 46-1-2(13) "Signature Witnessing" means a notarial act in which an individual: appears in person before a notary and presents a document; provides the notary satisfactory evidence of the individual's identity or is personally known to the notary; and signs the document in the presence of the notary.

3. Misinterpreting electronic signature/notarization: Notarization of an electronic signature IS VERY RARE and still requires personal appearance. It is a certification of a voluntary signature just the same as any other signature. Notarization of an electronic signature does **NOT** mean by phone, fax, email or video conference. For electronic notarization, the signer is in the presence of the notary using a computer instead of pen and paper. **The rule of personal appearance is not affected by the definition of "Electronic**

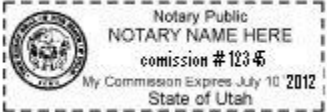

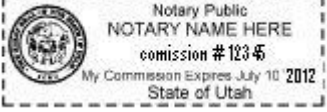

Signature.”

Reference: 46-4-102(8): "Electronic signature" means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

- 4. Failing to require Personal Appearance: The signer must always appear before the notary. Title 46 does not allow for variation on this matter. Many fraud cases begin with stories of why the signer cannot personally appear: “He is too ill to come into the office;” “The signer is my grandmother and she asked me to get this notarized;” “You’ve been my friend for years—you know I wouldn’t lie to you.” As convincing as these statements can be, none of them justify notarizing the signature without the signer personally present.

Reference: 46-1-2 (Definitions of Acknowledgment, Jurat and Signature Witnessing)

- 5. Failing to name the appearing signer: If John Doe appears before you, you must certify John Doe appeared before you (it seems simple enough, but many notaries actually forget to name the signer). When more than one signature appears on the document, omitting this material information often leads to confusion. Many fraud cases show that the “defrauder” was able to add a different name in the Jurat or Acknowledgment simply because the notary failed to include the correct name in the first place.

Reference: 46-1-9 False or incomplete certificate. A notary may not execute a certificate containing a statement known by the notary to be false or materially incomplete. (underline added)

- 6. Adopting policies contrary to UCA 46-1-8: According to law, a notary may not refuse to enter into a lawful transaction involving a notarial act. Do not adopt policies to refuse transactions unless there is a legal reason to do so. To “pick and choose” who is served

based on personal preferences or prejudices is not legally justified.

Some employers have expressed concern over this law. It is true, employers often carry the burden in finding a balance that complies with the law and, at the same time, allows for reasonable limits to protect the notary’s time and liability. Regardless, all policies should be carefully created while keeping in mind the notary’s main purpose: to serve the public—not just the company.

Reasonable limits may and should be in place to prevent abuse from members of the public who would demand immediate service regardless of the notary’s workload and availability.

The following table may help employers and notaries understand their roles when serving the public:

Employer MAY	Employer MAY NOT
<ul style="list-style-type: none"> ● <u>may</u> determine when the notary is available to serve the public DURING work hours 	<ul style="list-style-type: none"> ● <u>may not</u> determine when the notary is available to serve the public AFTER work hours
<ul style="list-style-type: none"> ● <u>may</u> establish policy that the notary will only notarize company documents DURING work hours 	<ul style="list-style-type: none"> ● <u>may not</u> establish policy that the notary’s service is restricted to the workplace
<ul style="list-style-type: none"> ● <u>may</u> allow the notary to serve the public at determined times DURING work hours 	<ul style="list-style-type: none"> ● <u>may not</u> “pick and choose” which documents or customers will be served when the notary is serving the general public (unless the transaction is unlawful)
<ul style="list-style-type: none"> ● <u>may</u> require a \$5 fee for clients or non-clients 	<ul style="list-style-type: none"> ● <u>may not</u> require more than \$5 per signature notarized

Reference: 46-1-3 . . .the lieutenant governor shall commission as a notary any qualified person . . .

Reference: 46-1-8 A notary may not . . . refuse to enter into a lawful transaction involving a notarial act by the notary.

7. Failing to require proper I.D.:

Valid Identification	Not Valid
<ul style="list-style-type: none"> ● Passport (from this or any nation) ● I.D. from Government (U.S., any state within the U.S., or Foreign) with the following 3 items: <ol style="list-style-type: none"> 1. Photograph 2. Signature 3. Physical Description 	<ul style="list-style-type: none"> ● Driver’s Privilege Card ● Birth Certificate ● Marriage License ● Social Security Card ● any other document which does NOT meet the criteria for Valid Identification

Reference: 46-1-2(12)

(a) "Satisfactory evidence of identity" means identification of an individual based on: (i) valid personal identification with the individual's photograph, signature, and physical description issued by the United States government, any state within the United States, or a foreign government; (ii) a valid passport issued by any nation; or (iii) the oath or affirmation of a credible person who is personally known to the notary and who personally knows the individual.

(b) "Satisfactory evidence of identity" does not include: (i) a driving privilege card under Subsection 53-3-207(10); or (ii) another document that is not considered valid for identification.

-
8. Refusing documents solely for their content: Again, according to 46-1-8, regardless of the type of document, you may **NOT** refuse to enter into "a lawful transaction involving a notarial act . . ."

Many have asked "can I notarize a will"? The answer should be "yes," unless there is some other reason as found in title 46 that would categorize the transaction as unlawful. Company policies cannot "override" the law that requires service on lawful transactions.

What about documents in another language? You should not be reading the document anyway—even if it is in English. However, you must communicate sufficiently with the signer to ensure the signer signed voluntarily.

Reference: 46-1-8 A notary may not . . . refuse to enter into a lawful transaction involving a notarial act by the notary.

Reference: 46-1-14 For every notarial act, the notary may record the following information in the journal . . . a description of the document or proceeding.

-
9. Leaving the notary seal and certificate with the employer upon termination of employment: Point 6 has already indirectly addressed this mistake. A notary is commissioned by the Lieutenant Governor—not the employer. When you leave employment, your commission remains in effect until expiration, cancellation, or resignation.

EXCEPTION: For State employees with a Risk Management Bond issued before May 9, 2017, when the State employee ceases employment, the coverage and commission are cancelled immediately. (See below for more information)

Employer MAY	Employer MAY NOT
● <u>may</u> pay for the notary's bond	● <u>may not</u> cancel the bond even if the notary ceases employment
● <u>may</u> pay for the notary's seal	● <u>may not</u> confiscate the seal when the notary ceases employment

Reference:46-1-16(2)(a) A notary shall keep an official notarial seal that is the exclusive property of the notary and that may not be used by any other person

Reference:46-1-15 If a notary maintains a journal, the notary shall: keep the journal in the notary's exclusive custody; and ensure that the journal is not used by any other person for any purpose.

10. Executing “materially incomplete” certificates: What does “materially incomplete” mean? As already discussed, leaving out the notarial language and failing to name the signer are examples of materially incomplete certificates. Other examples include leaving out where and when the notarization took place. A good rule is “Say what happened!” Title 46-1-6.5 has a suggested forms that, if properly completed, is sufficient under any law of the State of Utah.

Reference: 46-1-9 False or incomplete certificate. A notary may not execute a certificate containing a statement known by the notary to be false or materially incomplete. (underline added)

Reference: 46-1-6.5 A correctly completed affidavit in substantially the form described in this section, that is included in or attached to a document, is sufficient for the completion of a notarization under this Title 46, Chapter 1, Notaries Public Reform Act.

*See page 15 for samples of notarial language.

New Notary Laws 2017 and What They Mean to the Notary

1) **46-1-2 Definitions.**

46-1-2(7) "Notarial Certificate" means the affidavit described in Section 46-1-6.5 that is:

- a. a part of or attached to a notarized document; and**
- b. completed by the notary and bears the notary's signature and seal**

What this means to the notary:

The law makes certain that an affidavit (notarial language) describing the events of the notarization are formatted similarly to what is described in Title 46-1-6.5 (see examples under number "5").

2) **46-1-2 Definitions.**

46-1-2(13) "Signature witnessing" means a notarial act in which an individual:

- a. appears in person before a notary and presents a document;**
- b. provides the notary satisfactory evidence of the individual's identity, or is personally known to the notary; and**
- c. signs the document in the presence of the notary**

What this means to the notary:

This is a new notarial act. This notarial language allows for a notary to just witness a signer's signature or confirm a signer's identity, without placing the signer under oath or affirmation. This still requires the signer to physically appear before the notary. This will be helpful when the notarization does not require the signer to be placed under oath or affirmation for the document's stated purpose.

3) **46-1-4. Bond.**

A notarial commission is not effective until:

- 1. the notary named in the commission takes a constitutional oath of office and files a \$5,000 bond with the lieutenant governor that:**
 - a. a licensed surety executes for a term of four years beginning on the commission's effective date and ending on the commission's expiration date; and**
 - b. conditions payment of bond funds to any person upon the notary's misconduct while acting in the scope of the notary's commission; and**
- 2. the oath and bond are approved by the lieutenant governor.**

What this means to the notary:

Previously, a person employed by the State of Utah could be bonded through the state's Risk Management office. After May 8, 2017, the Risk Management office will no longer issue bonds for state employees. A state employee would be required to receive their bond through an insurance company that issues surety bonds. These typically cost about \$50 for the 4-year commission of the notary. If the notary

is currently commissioned under a Risk Management bond, the commission and bond will be valid until the commission expires.

4) 46-1-6 Powers and Limitations.

1. A notary may perform the following act:

- a. a jurat;**
- b. an acknowledgment**
- c. a signature witnessing**
- d. a copy certification**
- e. an oath or affirmation.**

2. A notary may not:

- a. perform an act as a notary that is not described in subsection (1); or**
- b. perform an act described in subsection (1) if the person for whom the notary performs the notarial act is not in the physical presence of the notary at the time the notary performs the act.**

What this means to the notary:

This new addition to “Powers and limitations” adds the option to use “signature witnessing” if the situation calls for it. This change also affirms that acts not described in subsection (1) cannot be completed using your authority as a notary. It also reaffirms personal appearance by the signer when completing a notarization.

5) 46-1-6.5. Form of notarial certificate for document notarizations.

- 1. A correctly completed affidavit in substantially the form described in this section, that is included in or attached to a document, is sufficient for the completion of a notarization under this Title 46, Chapter 1, Notaries Public Reform Act.**
- 2. A notary shall ensure that a signer takes the following oath or makes the following affirmation before the notary witnesses the signature for a Jurat: "Do you swear or affirm under penalty of perjury that the statements in your document are true?"**

An affidavit for a jurat that is in substantially the following form is sufficient under Subsection (1):

"State of Utah

§

County of _

Subscribed and sworn to before me (notary public name), on this (date) day of (month), in the year (year), by (name of document signer).

(Notary Seal) _

Notary Signature".

- 3. An affidavit for an acknowledgment that is in substantially the following form is sufficient under Subsection (1):**

"State of Utah

§

County of _

On this (date) day of (month), in the year (year), before me (name of notary public), a notary public, personally appeared (name of document signer), proved on the basis of satisfactory evidence to be the person(s) whose name(s) (is/are) subscribed to in this document, and acknowledged (he/she/they) executed the same

(Notary Seal) _

Notary Signature".

4. *An affidavit for a copy certification that is in substantially the following form is sufficient under Subsection (1):*

"State of Utah

§

County of _

On this (date) day of (month), in the year (year), I certify that the preceding or attached document is a true, exact, and unaltered photocopy of (description of document), and that, to the best of my knowledge, the photocopied document is neither a public record nor a publicly recorded document.

(Notary Seal) _

Notary Signature".

5. *An affidavit for a signature witnessing that is in substantially the following form is sufficient under Subsection (1):*

"State of Utah

§

County of _

On this (date) day of (month), in the year (year), before me, (name of notary public), personally appeared (name of document signer), proved to me through satisfactory evidence of identification, which was (form of identification), to be the person whose name is signed on the preceding or attached document in my presence.

(Notary Seal) _

Notary Signature".

What this means to the notary:

The addition to the law provides examples of notarial language for Jurat, Acknowledgement, Copy Certification, and Signature Witnessing. This will be very helpful to the notary, as the notary can replicate this language for any of the aforementioned acts, or use something substantially similar in format to produce a notarial certificate during a notarization. There is also an example of the verbal language for completing an oath or affirmation before administering a Jurat. The notary is required to read this language to the signer before completing a lawful Jurat. (See additional examples of notarial language in Title 57)

6) 46-1-7. Disqualifications.

A notary may not perform a notarial act if the notary:

1. *is a signer of the document that is to be notarized except in case of a self-proved will as provided in Section 75-2-504;*
2. *is named in the document that is to be notarized except in the case of a:*
 - a. *self-proved will as provided in Section 75-2-504;*

- b. *licensed attorney that is listed in the document only as representing a signer or another person named in the document; or*
- c. *licensed escrow agent, as defined in Section 31A-1-301, that:*
 - i. *acts as the title insurance producer in signing closing documents; and*
 - ii. *is not named individually in the closing documents as a grantor, grantee, mortgagor, mortgagee, trustor, trustee, vendor, vendee, lessor, lessee, buyer, or seller;*
- 3. *will receive direct compensation from a transaction connected with a financial transaction in which the notary is named individually as a principal; or*
- 4. *will receive direct compensation from a real property transaction in which the notary is named individually as a grantor, grantee, mortgagor, mortgagee, trustor, trustee, beneficiary, vendor, vendee, lessor, lessee, buyer, or seller.*

What this means to the notary:

If the notary is a licensed escrow agent in good standing with the Utah Insurance Department, the notary is now able to explain closing documents and be named in the documents that will be notarized. This does not cover “notary signing agents” as there is no provision in State law that authorizes a notary to explain documents or accept money for services beyond the \$5 notary fee, unless the notary is a licensed attorney or a licensed escrow agent.

7) 46-1-15. Inspection of journal – Safekeeping and custody of journal.

- 1) *If a notary maintains a journal, the notary shall:*
 - a. *Keep the journal in the notary’s exclusive custody; and*
 - b. *Ensure that the journal is not used by any other person for any purpose*
- 2) *The notary’s employer may not require the notary to surrender the journal upon termination of the notary’s employment.*

What this means to the notary:

The length to which the notary should keep their journal after they are no longer a notary is left up to the notary to decide. We do suggest the notary keep the journal for a sufficient amount of time to be able to use as evidence if a notarization is called into question. The nationwide standard is 10 years.

8). 46-1-16. Official signature – Official seal – Seal impression.

- 6) *A notary may not use a notarial seal independent of a notarial certificate*

What this means to the notary:

Every notarization is required to have the notary’s seal (stamp), notarial language, and notary’s signature. A notary’s seal may not be used unless there is notarial language and a signature in place.

9) 46-1-18. Liability.

- 3) It is a class B misdemeanor, if not otherwise a criminal offense under this code, for:**
- a. A notary to violate a provision of this chapter; or**
 - b. The employer of a notary to solicit the notary to violate a provision of this chapter.**

What this means to the notary:

The criminal penalty for violating any provision under this chapter is now a class B misdemeanor. Previously this only applied to certain parts in the chapter.

10) 46-4-20. Change of name or address – Bond policy rider.

- 1. Within 30 days after the day on which a notary changes the notary's name, the notary shall provide to the lieutenant governor:**
 - a) The notary's new name, including official documentation of the name change; and a bond policy rider that a notary obtains in accordance with Subsection (2).**
- 2. To obtain a bond policy rider, the notary shall**
 - a) Notify the surety for the notary's bond**
 - b) obtain a bond policy rider reflecting both the old and new name of the notary;**
 - c) return the bond policy rider;**
 - d) destroy the original commission; and**
 - e) destroy the old official seal**
- 3. A notary is not required to change the notary's name by adopting the surname of the notary's spouse.**
- 4. Within 30 days of the day on which a notary's residential or business address changes, the notary shall provide the notary's new residential or business address to the lieutenant governor.**

What this means to the notary:

If a notary has legally changed their name, the notary has 30 days to notify the Lt. Governor's office of the change. There are times when a notary may not adopt their spouse's surname, in which case the notary may continue to use their original stamp until expiration. The notary will no longer have to pay a \$5 fee to change the notary's name on the commission, or send in the original certificate when requesting the change. The notary is now required to update the notary's business and residential address within 30 days of the change.
